Dear friends and neighbours,

I hope you've all had a good summer - and been able to make the most of at least some of our new found freedoms as COVID restrictions continue to ease. Our lives are still not as they were before and as I write this piece at the end of August, the church continues to wait for updated guidance from the Scottish Government. But it has been great to see groups like our Church Alzheimers Group - Circle of Friends start up again. They have a new logo for this fresh start and are already planning social activities and fun for Hallowe'en and Christmas-time. Although our Wednesday Coffee Mornings haven't been able to restart, I know that many old friends, and new, have been gathering regularly for chat over a cuppa in the Village Hall on Tuesday mornings.

We've also been able to have a cuppa and a chat after worship in the Church on Sunday mornings. We do still have to wear face-coverings, for the moment, but we have our organist, Sadie, back with us, and we have been getting the hang of singing hymns while wearing a mask! We are now equipped for live-streaming of services from the church, and hopefully as time goes on, other groups and organisations will also be able to take advantage of our new technology. It's been a steep learning curve and a special thanks goes to our AV Team who've become broadcasting experts!

Speaking of broadcasting, BBC Northern Ireland will soon be filming in the church and around the village for their series, "Hame" which focusses on the history, culture and tradition of the Ulster Scots. Dunlop will feature in a programme about James Hamilton, son of our first post-Reformation minister, who was a key figure in early 17th century Ulster. I'll let you know when the programme is due to be broadcast as we should be able to watch it on iPlayer.

With the schools back and as we move from summer to autumn, I'm sure we are all relishing the prospect of some stability and normality in our lives.

Whether you are picking up from where you left off, or taking up new challenges, I wish you all God's blessing.

Peace, love and hope,

Alison

Rev Alison McBrier

### **Church A/V system**

During the pandemic this has been upgraded to allow us to record and live-stream from the church directly to Youtube.

We have 3 PTZ cameras (pan, tilt, zoom) controlled remotely. All microphones can now be controlled remotely also.

We hope that this technology will be of use to the wider community.

Hopefully any amateur film-makers can get involved. It should also make it easier for organisations such as scouts to tackle media badges etc.

## Dunlop & Lugton Community Council

Good afternoon everyone.

As we move back to a more normal situation, the Community Council is holding its first in person meeting since March 2020.

But this time, it will be different. There is our AGM to go through very quickly then the only agenda item will be The Future of the Community Council.

We have some ideas of our own, but we need your ideas. How can the CC move forwards? It cannot and will not be "more of the same".

So, Thursday 2nd September 7pm in the Bowler's Hall in Village Hall.

Everybody is most welcome. Come along and tell us how we can help you or your organisation and what ideas you have for the whole community for the future.
